

INSTRUCTIONS FOR EMARKERS

PECTAA LSA 2026 DIGITAL WEB SOLUTION

Digital Barcoding, Scanning, eMarking, AI Analysis - A Complete Solution

eMarking Instructions

- All eMarkers must login using assigned credentials.
- Ensure proper internet connectivity before starting marking.
- Review assigned batches carefully before marking.
- Use the digital interface to view scanned answer scripts.
- Follow the marking scheme and rubrics strictly.
- Avoid skipping any question unless marked not attempted.
- Submit marked scripts after completion of each batch.
- Report any discrepancies immediately to the supervisor.

TORs for eMarkers

- Ensure accurate and unbiased marking.
- Follow standardized rubrics for each question.
- Maintain confidentiality of student data.
- Complete assigned marking within given timelines.
- Avoid any malpractice or favoritism.
- Coordinate with supervisors for any clarification.
- Ensure consistency across all marked scripts.

Rubrics

- Marks should be awarded strictly according to the answer key.
- Partial marks should be given where applicable.
- Presentation and logical steps should be considered.
- Do not award marks for irrelevant content.
- Consistency must be maintained across all scripts.
